# Plan to Protect® Membership

## Providing the benefits needed to successfully implement and maintain a high standard of protection.

# Three Options

based on your budget and needs.

### Basic Membership:

Designed to keep you abreast of best practices and updates for your policies and procedures. Plus you will also receive all the customer support you need.

### Implementation Membership:

Perfect for any organization just starting to implement or needing to update their safeguarding program. This package includes coaching, policies, certification training for an administrator and a trainer. Plus all the benefits of a basic membership.

### Going The Distance:

This premiere package includes all the benefits of the implementation and basic membership as well as certification training for senior leadership and unlimited online training.
